**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am in support of broadband competition...Without it, stagnation occurs and progress to increase speed will be a low priority. Price points for consumers will negatively affect our bottom line.

I'm a customer of Sonic for 8 years now. Their service and customer support are top notch compared to the larger companies. Competition brings better service to all. They brought the fastest and newest technology to my home and business before anyone else. They gave us the cutting edge to do better as well with close to zero downtime.

Thank you for your time and consideration!
